CUTTING CASE INVESTIGATED

M. L. Reed Arraigned in Police Court For Using Knife on L. A. Hollar

MANY WITNESS TRIAL

After Exhaustive Investigation of The Case Reed is Acquitted by Court.

Nearly two hours were consumed last night by the Police Court in the investigation of the case of the Commonwealth vs Martin L. Reed, who was charged with attacking L. A. Hollar with a knife early on the night of August 13 at the northeast corner of King and Columbus streets Robinson Moncure appeared on beof Hollar and H. N. Garner represented Reed. The court room was filled with spectators, among whom were several women, including Hollar's wife.

Immediately after the rencontre Reed left the city, but about a week ago he appeared at the station, house, giving himself up and offered to give bail for his appearance in the Police Court when wanted. He was released upon furnishing $1,000 security.

According to Hollar's statement, Reed made an provoked assault upon him, using his knife freely, so much so that he was taken to the Alexandria Hospital dangerously wounded The complainant stated that he had warned Reed of the consequences of being in company with his (Hollar's) wife, who had passed on the street and spoke to the defendant previous to the affray.

The testimony of the defense was to the effect that Hollar attacked Reed, who was standing at the corner of King and Columbus streets at the time whittling a match with a small penknife. Reed alleged that Hollar used some instrument upon him, and, exhibited his straw hat, the left side of which was split in corroboration. He, upon being assailed, after having been threatened by Hollar, fought his adversary.

The court in summing up the case called attention to the fact that under the law a justice must only send cases to the grand jury when convinced true bills will be returned. According to the evidence, no such return seemed probable, and the charge against Reed was dismissed.

Several other cases of a minor nature were disposed of at last nights special session.

SUGAR FAMINE TO CONTINUE

Refiners Cannot Supply Demand Says Equalization Board Chief.

Washington, Sept. 5.—Sugar shortages now experienced in many parts of the country cannot be relieved for some time to come, George A. Zabriskie, president of the United States Equalization Board, said in a letter received yesterday by Senator Hitchcock, Democrat, Nebraska.

"The demand is enormous and largely in excess of refiners' ability to supply it at this time," said Mr. Zabriskie. "Complaints regarding the sugar shortage come from all sections of the country, and we fear it will be practically impossible to relieve the situation for some time to come."

Sugar from old beet crops, Mr. Zabriskie added, is practically exhausted, and shipments from the West Indies have been "seriously embarrased" by the marine strike.

BIG PARADE HELD

Colored Citizens Honor Service Men With Celebration

The parade held yesterday afternoon by the colored people of this city in honor of the men who served overseas was a very credible affair. It attracted large throngs of colored persons from every section of the city.

The returned soldiers made a splendid showing as they marched.

The parade was made up of several bands, civic and patriotic organizations, Sunday Schools and floats. The colored Elks made an excellent showing. Many colored women also participated in the affair.

The celebration ended last night with a ball at Odd Fellows' Hall.

Those in charge of the affair included C. William Gray, master of ceremonies; William H. Russell, chief marshal; John Prichett, chairman of parade committee; Samuel H. Tucker, general committee; Shadrach Johnson, literary.

MOSBY'S MONUMENT IN HANDS OF SCULPTOR

The monument to Col. John S. Mosby is now under construction, having been placed in the hands of Mr. Herbert Barbee, sculptor, of Luray, Va. A shaft 18 1-2 feet high of Virginia granite. A white marble bust of the hero in bas-relief near the base of the column with suitable inscriptions. It will stand on the Court House grounds in Warrenton, Va.

The funds necessary for the completion of the monument lacks $600, and it is hoped all who have promised to contribute and have not done so, will communicate with me and many others now realizing the success of the movement will come forward and help us complete it.

SHOTS FIRED FROM OUTSIDE

Auto Inspected in Bootlegging Murder Trial at Manassas

Richmond, Va., Sept. 5.—Trial of the caes of the inspection officers of the Prohibition Department yesterday at Manassas disclosed that the machine in which the dead men were riding indicates that the shots were fired from the outside and that not one of the shots alleged to have been fired from the inside made a mark on the curtains, which were down.

The defense scored strongly in State witnesses in one or two important particulars, W. C. Hall is the first man to face a jury.

ADVICE FROM HEALTH OFFICER

Says Don't Drink Water From Wells And Springs Unless Tested And Found Safe

Health Officer Foulks again wishes to urge the people to take advantage of the free clinics conducted by the Health Department, for the purpose of vaccinating against typhoid as well as smallpox. While the city water is now reasonably safe to drink, yet there are many other ways of contracting typhoid fever. Don't drink from wells or springs unless they have been tested and found safe.

We have just tested the Procis and Hume Springs, and find them badly contaminated and the water unsafe to drink.

Free vaccination clinics for whites on Mondays and Fridays, from 1 to 5. For colored, Wednesdays, same hours.

DOCTRINE OF LOOT

"Stuff is all Rot," Says Dr. Joseph Vance at Conference

College Camp, Williams Bay, Wis., Sept. 5.—Delegates to the conference of the Presbyterian New Era movement yesterday considered plans for a nation wide evangelistic campaign after listening to addresses.

Rev. Joseph H. Vance, of Detroit, Mich., said that to Christianize America was the mission of the church. He said that all the "rot" of the "Trotzky and Lenine crowd" would soon be swept aside; that their doctrine was all "bluff;" that soon their rule of loot would end and the people would be following the cross of Christ.

W.-VA. LINE DELAYS INTEREST PAYMENT

Time Limit Claimed on Bonds of W.-Va., Railway Company

EXTENSION IS COSTLY

Attempt to Build Line to Camp Humphreys Tied up Funds Despite Company's Record Earnings.

Semiannual interest on the $2,500,000 of bonds of the Washington Alexandria and Mount Vernon Railway Company, due September 1, has not been paid. These bonds are the obligations of the Washington-Virginia Railway Company, which absorbed the Washington, Alexandria and Mount Vernon, and the Washington, Arlington and Falls Church lines.

In a letter to the Real Estate Trust Company, of Philadelphia, trustee under the mortgage securing the bonds, Norman Gray, president of the Washington-Virginia Company, says:

"In view of existing conditions and pendency of a refinancing of the company the interest will not be met September 1, but I believe will be paid before the time limit under the mortgage for the payment thereof expires."

The previous installment of interest, which was due March 1, was not paid until early in July, the company taking advantage of a clause in the mortgage, which provides that there shall be no legal default until four months after the due date.

The Washington-Virginia Railway Company, in common with many other public utility companies, has experienced great difficulties in providing for its financial needs during the past year, despite the fact that the gross earnings of the company have been the best in its history. The company's principal troubles grew out of its attempt to build the extension from Mount Vernon to Camp Humphreys. Work on this extension was begun more than a year ago, and it was the expectation that the line would be in operation early last fall. Because of unforseen difficulties in connection with the financing, construction was delayed, and the extension has not yet been completed.

The company recently decided upon a plan for raising the needed money through the sale of short term notes. At the office of the company yesterday it was stated that sale of the notes is progressing satisfactorily, and that funds would be available in the near future to pay the interest on the company's bonds, and to complete the work on the Camp Humphreys line.

SHOPMEN AGAINST STRIKE

Reject 4-Cent Wage Increase, But Leave Walkout to Officials

Railroad shopmen have voted overwhelmingly to reject President Wilson's proposal for a 4 cents an hour increase, but have also voted to leave the matter of strike action in the hands of their national officers.

The vote, announced yesterday by the railway department of the American Federation of Labor, was taken in response to the letter pointing out to the men that something definite should be known of the results in the fight on the high cost of living within ninety days, and asking that matters be left with the national officers during that time.

The vote was 345,000 to 25,000 to reject the increase, it was announced. "There will be no immediate strike," said President M. F. Ryan, of the Shopmen's Union. "We will give the government a reasonable time in which to show results in the attempt to lower living costs.

"The vote authorized national officers to use their dicretion on the matter of whether the government is making progress in its efforts to reduce prices."

THREE PERISH IN FIRE

Mrs. Bentley Moore, Her Son And Her Mother All Burned to Death in Blazing Home in Loudoun

Mrs. Bentley Moore, her son and her mother, all perished in their blazing home, near Hillsboro, Loudoun county, which was destroyed by fire about 2:00 o'clock yesterday morning. The fire was discovered by the sleeping family at the hour named above and Mrs. Moore, her son and her daughter escaped scantily attired from the blazing building only to find upon reaching safety, that Mrs. Moore's mother, whom they thought had also escaped, was, still in the burning home. Followed by her young son, a lad of 12 years, Mrs. Moore heroically rushed back into the building to rescue her mother,a and just as they were well inside, the building collapsed and all were burned to death before the daughter's eyes. Miss Moore is now in a critical condition. The charred remains of the dead were taken from the ashes of the building yesterday morning.

WILSON'S APPEAL TO THE COUNTRY

Must Exert Their Influence For Acceptance of Treaty

NOT CROSS SEA AGAIN

Praises Provision for International Labor Organization Which Meets in Washington in October.

Columbus, Sept. 5.—The President appealed to his hearers yesterday to exert their influence for acceptance of the treaty.

"Don't let men pull it down," he said. "Don't let them misrepresent it."

"When this treaty is accepted," he said, "the men in khani will never have to cross the seas again, and I say when it is accepted because it will be accepted."

d5'.(r mod mod f vor mod om domd

Praising the treaty provision providing for an international labor organization which will hold its first meeting in Washington in October, the President said: "And let me tell you it will meet whether the treaty is ratified by them or not."

Continuing he said: "Not to establish he league of nations would be unfaithful to those who died. There was no intention on part of framers of peace treaty to crush any people. The treaty tears away the chains of oppression and gives small nations the right to live their own lives. I'd rather have everybody on my side than be armed to the teeth

This treaty is an attempt to right the wrongs of Europe, and in my humble opinion is a measurable success. There can be no good government or peace unless the people themselves are satisfied."

COMMUTERS MEET TONIGHT TO PROTEST

Patrons of Washington-Virginia Railway Co., Will Discuss Fare Boost

EXPECT LARGE CROWD

Committees Probably Will Be Named to Appear Before Interstate Commerce Commission.

Everything is in readiness for the mass meeting of commuters on the Washington-Virginia Railway which will be held at 8 o'clock tonight in the War Camp Community Club to protest against the proposed rates this company desires put into operation by the Interstate Commerce Commission.

A permanent organization of the commuters will be effected at this meeting and preliminary steps made to have a committee appointed to appear before the Interstate Commerce Commission to protest against the proposed increase.

It is expected that the meeting will be largely attended.

Practically every commuter who pays fare on the line will, it is thought be on hand and express their views on the proposition.

The announcement of the proposed rates has caused a flurry of protest on all sides and the commuters living in Alexandria propose to fight the railway company to the last ditch before allowing the company to practically double their fare.

EXPRESS OFFICE ROBBED

The Sum of $985 Missing—Agent Held For Investigation

The local police and others have for several days past been investigating a report made that $985 was missing from the safe of the office of the American Railway Express Company on the south side of King between Fairfax and Lee streets.

It was stated that burglars had cut a hole in the side of the building through which they entered the office.

To gain access it is stated that it would have been necessary for the robbers to pass over the roof of the toilet room.

Those who investigated the case claim that there was no evidence to show, as far as they see, that anyone had passed as it is alleged the dust on top was undisturbed to all appearances.

Early this afternoon Keen P. Webb, agent for the company, was taken in custody by the police. The hearing of the case has been postponed.

FOUR RESERVATIONS

Would Protect Monroe Doctrine And Reserve Home Questions

Without a record vote the Foreign Relations Committee yesterday ordered the peace treaty reported to the Senate with four reservations which must be ratified by three of the "big five" included in the resolution of ratification.

By a vote of 9 to 8 the committee approved a reservation providing for unconditional withdrawal from the league after two years' notice.

By a vote of 9 to 7 it provded that the United States decline to assume any obligation under Article X, to preserve the territorial integrity of any country except by a joint resolution of Congress.

Domestic questions were reserved for the decision of the United States by a vote of 11 to 6.

By the same vote a reservation providing that the Monroe doctrine will not be submitted to arbitration was adopted.

The Democratic minority, joined by Senator McCumber, Republican, expects to present a minority report, probably in the form of a resolution, for unqualified ratification.

POLICEMEN'S UNION WINS

President Gompers, of A. F. of L., Pleads for the Rights of Labor

The Washington policemen's union won a smashing victory in its fight against the District Commissioners for the right to retain affiliation with organized labor late yesterday afternoon.

At 5:50 o'clock Justice Ashley M Gould, of the District Supreme Court, issued an injunction, petitioned for by Attorneys Wilton J. Lambert and Rudolph Yeatman, representing the union, restraining the Commissioners from carrying out their threat to dismiss all policemen who refuse to sever connection with the American Federation of Labor by Sunday midnight.

The injunction, returnable September 11, also restrains the Commissioners from receiving the notice they have demanded of the police men stating their intentions regarding the union.

Justice Gould issued the injunction from his home.

In an effort to avert the legal battle begun with the issuance of the injunction, President Samuel Gompers and Secretary Frank Morrison, of the American Federation of Labor, yesteday conferred for an hour and a half with the Commissioners at the District Building.

Following the conference, Commissioner Louis Brownlow intimated that the voice of organized labor would have little bearing in the matter so far as the Commissioners were concerntd,

Commissioner Brownlow, when the injunction was read to him over the telephone last night, refused to comment on it other than to say:

"'Well, it means simply that the case will go into court next week."

When he appeared before Commissioner Brownlow, yesterday morning, Mr. Gompers said:

"Your refusal to permit the continuation of this affiliation reflects as an insult to the American Federation of Labor.

SPOKE TOO LONG

Governor Goodrick Makes People Tired Before Introducing Wilson

Indianapolis, Sept. 5.—President Wilson's address last night in the coliseum of the State Fair Grounds here, was practically a failure because of the size of the crowd on hand to hear him.

It was estimated at 12,000 to 15,000 persons and was so huge it was unmanageable. Added to this feature was the unfortunate occurrence which befell Goodrich, of Indiana, who was intended to introduce the President. The governor made the mistake of talking too long and the crowd resented it.

The people gave him ten minutes, but when he stopped, drank part of a glass of water and started again, pandemonium broke loose.

"We want Wilson, Wilson, Wilson," was the roar.

Instead of acquiescing in the demand of the people, Gov. Goodrich reached for another glass of water and stood his grund.

"No, no, no," went up. "Wilson, Still the overnor was adamant.

"Wilson, Wilson," cried the audience, and hundreds started for the doors.

With cries from women and children, it looked for a minute as though the panic might ensue. Finally some one on the stage whispered something to the governor. He stepped aside and President Wilson arose.

LITTLE ONES TAKES RISKS

Two or three minutes before the alarm of fire was sounded this morning a well known citizen stopped a representative of the Gazette on King street and expressed his concern for children, often small specimens, who are allowed to operate automobiles in this city. He told of one little girl he had passed who was in an automobile containing several children of her age. He stopped to see if the child really intended operating the machine, which she seemed preparing to do, and was surprised to see her take the wheel and start off with her little friends. In less time than it takes to tell it, and while the words of our friend were still in our ears, the motored fire apparatus was rushing up King street at railroad speed. The children must have got out of the way as no accidents occurred.

It is often noticed that little boys, white and colored, operate automobiles and auto trucks in this city. During the past few years several accidents to automobiles have occurred, some resulting in the deaths of persons on sidewalks, supposed to be removed from danger. What has happened before is likely to happen again.

It is an old observation that angels take care of helpless little ones. Heavenly visitors may at times avert dangers, seen and unseen, but in this day distressing accidents to children in the larger cities are mutiplying daily. They are likely to occur in Alexandria.

WELCOME TO COLORED SOLDIERS

The colored residents of this city yesterday afternoon accorded a hearty welcome home to the male members of their race who went across the sea and engaged in the war for Liberty. There was a large turnout of colored folks and the manner in which they evinced their appreciation of the services rendered by Alexandria's quota of colored men was animating to many white residents who were wont to rejoice with them.

While the pageant was not imposing, it was ex animo (from the soul), and appealed more than a Roman triumph to the thoughtful.

One beautiful early Sunday morning, two years ago, virtually all the colored people of the city, old and young, escorted these members of their race who had been called to join the colors to railway station, and bade them God speed. Three and four year old children marched in parade on that occasion.

Yesterday afternoon it was their pleasure to welcome them home after they had performed their duty with the American Expeditionay Force.

During the civil war the appearance of negro soldiers wearing the blue brought forth little commendation from people south of Mason and Dixon's line. But things have materially changed during the past half a century or more, and colored men in khaki, who have shown their love of country, receive the support due soldiers.

RAILROAD STRIKES

For six years the community, the whole nation, has been in terror of a strike of railroad employees that should paralyze the business of the country and cut off food from the cities. First one association and then another, in one regional area or all over, have threatened to tie up transportation if they did not get what they wanted. The public has insisted that the companies should yield, and one crisis has been survived only to be followed by another one.

In fear of a general paralysis of commerce Congress passed the Adamson law three years ago, and later the Director General of Railroads made several large additions to the pay of the men to prevent a strike that would have paralyzed the country's ability to wage wr with Germany.

The conviction has been growing very fast that the public must be saved from strikes on all public utilities. The employees on these have an advantage that no other employees have; when they strike against their employers they strike also, and chiefly, against the public, and if it not going to cost the public anything the latter is quite determined that the companies shall yield to the demands of the men.

The bill prepared by a sub-committee of the Senate Committee on Interstate Commerce would forbid strikes, and in consideration thereof would give the employes representation on boards that determine wages and conditions of work, and would provide for the distribution of excess profits in several directions, one of which is profit sharing among the men.

It is not necessary at present to discuss the details of the bill, but it is important to observe that for the first time the rights of the public as against the employees are asserted.—(Philadelphia Record.

A MOST SERIOUS CONDITION

Pick up almost any country paper in Virginia and you will there note the large number of public sales being held by farmers who are retiring from farming. Investigation will prove to you that these farmers are not ceasing to farm on account of having obtained sufficient means to justify them in retiring from business, but that they are ceasing to farm on account of the present labor conditions and the uncertainty of our government's future course towards them. They do not feel that our government has treated them fairly by sanctioning wage increases and shorter hours for union labor and then urging the farmer and farm laborer to work longer hours, at no increase for products or labor, in order to feed city labor at a lower cost and at a price for food entirely disapproportionate to the cost of food production, based upon the cost of producing, and the price asked for everything else. They do not believe the government has treated them fairly in regulating the price of what they have to sell and placing no price restrictions upon what they have to buy, and fearing further government discrimination against them, many of them are simply ceasing to farm, believing they will be bankrupted by further Federal legislation. This is a most serious condition and if similar conditions exist in other states the American people may soon be called upon to face a problem, far more serious than those existing in many famine stricken lands of Europe, for famine is a breeder of disease, a creator of evolution and both mean death to many.—(Loudoun Times.

CALOMEL LOSING OUT IN SOUTH

Dr. Dodson, the 'Liver Tone' Man, Responsible for Change for the Better

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day.

Foot Talk No. 22

Do all men have foot trouble? This question was asked by one of our women patrons the other day after she had witnessed a dozen or so men going into our foot comfort section to have adjustment made on appliances we had fitted No not all have foot trouble, but about 50 per cent of them imagine they are rheumatic, and about 40 per cent don't believe that anything can be done—about 10 per cent of them are having theirs attended to and making themselves into comfortable citizens.

We want some of that 50 per cent to let us help them to locate their ills, some of the 40 per cent to let us show them, and more of the 10 per cent to be fitted in our Especially Appointed Foot Comfort Division with Wizard Foot Appliance by an expert.

Consultation is absolutely free and appliances are not fitted unless absolutely necessary.

CAN AN UP-TO-DATE DEPARTMENT STORE BE SUCCESSFUL IN ALEXANDRIA?

So many people in asking this question forget Alexandria is fast becoming a good sized city, and as such is entitled to a live up-to-date store. We plead guilty to believing that this store is modern and up-to-the-minute. Our merchandise is the equal of any in the country, our service the most courteous and our prices lower than any store in this section.

The question of "can we be successful" is better answered by stating our business is better than any in the record of the store and increasing every week. We are going to please the most particular customer. We are going to make you like us better every day. If this doesn't mean success then we are satisfied to be unsuccessful.

Resolved by the senate, the house of delegates concurring (a majority of the members elected to each house agreeing), That the following amendment to the Constitution of Virginia, be, and the same is hereby, proposed, and referred to the general assembly to be chosen at the next general election of members of the house of delegates, for its concurrence, in conformity with the provisions of section one hundred and ninety-six, of article fifteen of the said Constitution, namely:

Strike out from the Constitution of Virginia section thirty-two, which is in the following words:

Sec. 32. Every person qualified to vote shall be eligible to any office of the State, or of any county, city, town or other subdivision of the State, wherein he resides, except as otherwise provided in this Constitution, and except that this provision as to residence shall not apply to any office elective by the people where the law provides otherwise. Men and women eighteen years of age shall be eligible to the office of notary public, and qualified to execute the bonds required of them in that capacity.

And insert in lieu thereof the following:

Sec. 32. Men and women eighteen years of age shall be eligible to the office of notary public and qualified to execute the bonds required of them in that capacity.

The general assembly may, in its discretion, provide for the compulsory education of children between the ages of eight and twelve years, except such as are weak in body or mind, or can read and write, or are attending private schools, or are excused for cause by the district school trustees.

And insert in lieu thereof the following:

Section 138. The general assembly may, in its discretion, provide for the compulsory education of children of school age.

A RESOLUTION proposing amendment to section 117 of article 8 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next general assembly.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution) provide for the organization and government of cities and towns without regard to, and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five, (except so far as the provisions of section one hundred and twenty-five recognize the office of mayor and the power of veto) one hundred and twenty-six, one hundred and twenty-seven and one hundred and twenty-eight of this article and except those mentioned in sub-section (d) of this section. The term "Council" as used in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances enacted and resolutions adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

A RESOLUTION proposing amendment to section 133 of article 9 of the Constitution of Virginia.

Resolved by the house of delegates, the senate concurring (the majority of the members elected to each house agreeing thereto), That the following amendment to section one hundred and thirty-three, article nine of the Constitution of Virginia, be and is hereby, proposed and referred to the general assembly at the first regular session held after the next general election of members of the house of delegates for its concurrence in conformity with the provisions of section one hundred and ninety-six, of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and thirty-three of article nine, which is in the following words:

Section 133. Each magisterial district shall constitute a separate school district, unless otherwise provided by law. In each school district there shall be three trustees selected, in the manner and for the term of office prescribed by law.

And insert in lieu thereof the following:

Section 133. Each magisterial district shall constitute a separate school district, unless otherwise provided by law. In each school district there shall be not more than three trustees selected, in the manner and for the term of office prescribed by law.

Men and women may serve as school trustees in said districts, and in cities and in towns forming separate school districts.

A RESOLUTION proposing amendment to section 134 of the Constitution of Virginia.

Resolved by the house of delegates, the senate concurring (a majority of the members elected to each house agreeing) That the following amendment to the Constitution of Virginia be, and the same is hereby proposed and referred to the general assembly to be chosen at the next general election of members of the house of delegates, for its concurrence, in conformity with the provisions of section one hundred and ninety-six, of article fifteen of the said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and eighty-four, which is in the following words:

Section 134. No debt shall be contracted by the State except to meet casual deficits in the revenue, to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war. No scrip, certificate, or other evidence of State indebtedness, shall be issued except for the transfer or redemption of stock previously issued, or for such debts as are expressly authorized in this Constitution.

And insert in lieu thereof the following:

Section 134. No debt shall be contracted by the State except to construct, or reconstruct, public roads, to meet casual deficits in the revenue, to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war. No scrip, certificate, or other evidence of State indebtedness, shall be issued except for the transfer or redemption of stock previously issued, or for such debts as are expressly authorized in this Constitution.

A RESOLUTION proposing an amendment to section 136 of article 9 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next session of the general assembly.

Resolved by the house of delegates, the senate concurring (a majority of the members elected to each house agreeing), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of members of the house of delegates, for its concurrence, in conformity with the provisions of section one hundred and ninety-six, of article fifteen of the said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and thirty-six, which is in the following words:

Section 136. Each county, city, town, if the same be a separate school district, and school district is authorized to raise additional sums by a tax on property, not to exceed in the aggregate five mills on the dollar in any one year, to be apportioned and expended by the local school authorities of said counties, cities, towns and districts in establishing and maintaining such schools as in their judgment the public welfare may require; provided that such primary schools as may be established in any school year, shall be maintained at least four months of that school year, before any part of the fund assessed and collected may be devoted to the establishment of schools of higher grade. The boards of supervisors of the several counties and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

And insert in lieu thereof the following:

Section 136. Each county, city, town, if the same be a separate school district, and school district is authorized to raise additional sums by a tax on property, not to exceed in the aggregate in any one year a rate of levy to be fixed by law, to be apportioned and expended by the local school authorities of said counties, cities, towns and districts in establishing and maintaining such schools as in their judgment the public welfare may require; provided that such primary schools as may be established in any school year, shall be maintained at least four months of that school year, before any part of the fund assessed and collected may be devoted to the establishment of schools of higher grade. The boards of supervisors of the several counties, and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

I hereby certify that the foregoing is a true copy of amendments proposed to the Constitution and agreed to by the General Assembly of Virginia, session 1918, and the same is published in pursuance of section 196 of the Constitution and act of the General Assembly, approved February 3, 1908.

BAN UPON DANCING IS TO BE DEBATED

New York, Sept. 5.—The ban upon dancing, theater going and card playing contained in the Book of Discipline of the Methodist Episcopal church is to be made the subject of debate at the church's general conference in Des Moines next May, when the conference will be asked to lift the ban by removing the prohibition from the Book of Discipline.

The Producing Managers' association has unanimously adopted a resolution urging the abolition of the ban upon the theatre, declaring "we seek to have the theater on such a plane that neither church nor state can object to its social influence."

The covention, of dancing masters passed similar resolutions recently regarding the ban on dancing.

Lieutenant J. Henry Smythe, Jr., who is leading the agitation to have the ban lifted against the three named forms of pleasure, is a son of Rev Dr. Smythe of Philadelphia, and was recently a Red Cross officer in France

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
